METALLIC FITTINGS / RACCORDI RAPIDI METALLICI**

- Es** Racores metálicos recuperables de conexión instantánea, adecuados para instalaciones de aire comprimido y circuito de frenos de V.I. Cuerpo totalmente metálico. Fácil visión del calibre del racor. Total seguridad y estanqueidad, incluso en condiciones límites. Resistente a la corrosión. Excelente relación calidad precio.
- Fr** Raccords métalliques à connexion instantanée, adéquats pour les installations d'air comprimé et circuits de frein des V.I. Corps totalement métallique. Visualisation aisée du diamètre du raccord. Sécurité totale et étanchéité, y compris dans des conditions difficiles. Résistant à la corrosion. Excellent rapport qualité / prix.
- En** Metallic fittings with instantaneous joint suitable for compressed air equipment and industrial vehicle brake circuit. Wholly metallic body. Total reliability and tightness, even under extreme conditions. Resistant to corrosion. Excellent relation quality / price.
- It** Raccordo metallico a connessione istantanea, adeguato per passaggio di aria compressa e circuiti freno nei veicoli industriali. Corpo totalmente metallico. Facile riconoscimento del diametro del raccordo. Totale sicurezza e tenuta stagna nelle condizioni limite. Resistente alla corrosione. Eccellente rapporto qualità/prezzo.
